Estimated Valuation (\$)	Demolition (S.F.)	New Building area (S.F.)	Demo. Start Date	Construction Start Date	Type of Construction; Wood frame, Steel, Concrete, Other (Explain)

Is this a phased project? Yes ___ No ___ If yes, explain the construction schedule: _____

Will this project require the use of sub-contractors? Yes _____ No _____ If yes, briefly explain how you plan to inform the subcontractor(s) of the requirements of the project's compliance with the Construction and Demolition Debris Waste Management Plan:

Chapter 8.62 Waste Management Plan for Certain Construction and Demolition Projects with the City of Pasadena requires a minimum 50% diversion of construction and demolition debris for covered projects. Briefly state how materials will be sorted for recycling, reuse, or salvage on the project site:

****Please note that franchise haulers are required to provide *job-specific diversion and disposal information*. It is not sufficient to have a form or letter that states, in effect, "All waste hauled in the City of Pasadena is subject to 50% diversion."**

If no materials will be recycled or reused, please explain why:
